Mr. Westbrook and Gerdes:

We wanted to express our thanks as Highland Builders recently worked hard to build out our new Plano office space in a timely manner and on budget.

Specifically, Tim Robison went beyond our expectations. He followed up with us each time a work order was complete and responded quickly to each of our questions and requests. His consistent professionalism made him a pleasure to work with.

Thank you again for a job well done!

Sincerely,

Randy Burkhart
Chief Executive Officer
