Re: Kaplan School El Paso Texas -----Chris Voirin
From: Robert Aguero

I would like to take this time to tell you how extremely pleased we were, working with Chris on this project. From the initial meeting I had with Chris in my office, to the last day of the project, he has been completely professional in every way, shape, and form! I personally am looking forward to working with him again for any future projects. I give Highland Builders an A+ for having this type of employee. Keep up the good work!!!!

Please keep us in mind for any projects you may have in El Paso or the rest of Texas.

Sincerely,
Robert S. Aguero
Estimator
